

Peacehaven and Telscombe Regeneration Partnership

Community Facilities Working Group

Wednesday 7th November 2001 - 4.00pm at the North Peacehaven Community Project

Present: Sam Rowe – North Peacehaven Community Project, , Jill and Ronald Fry – Access Group, and Donald Shier

Apologies: Doug Lawrence, Robin Olivier, Sue Pluck, Sheila Chalmers, Wendy Tester.

Agenda:

Minutes of the last meeting were read and agreed.

Matters arising from the last meeting

New Play Area for North Peacehaven: Since the last meeting, where it was agreed that the partnership would support Southern Housing's project to provide a new play area for the Collingwood Close estate, neighbours of the plot of waste ground, where the play ground was to be, have now bought the land themselves. The scheme cannot go ahead as planned. The Housing Association will now build a much smaller play area for the estate on land they already have access to. They no longer need the support of the partnership for funding for this.

New members of this group: Since the last meeting two of the people who had attended the group in the past have been in touch and are keen to get involved again. Donald will send them details of the next meeting. Liz Holt cannot attend on Wednesdays, only Tuesdays and Sam cannot do Tuesdays. Liz will be added to the mailing list for minutes.

Development of community facilities for Peacehaven and Telscombe: The group discussed the points included in the Regeneration Action Plan which sets out the goals of the partnership. It was agreed that it would be helpful for the group to have a handy list of what we are supposed to be trying to achieve. This could form the basis of informal consultation by members of the group with their contacts in the community. Donald will make a list for the next meeting.

Date of next meeting: Wednesday 21st November 2001, 4pm at the North Peacehaven Community Project, 4 Howard House, Collingwood Close, Peacehaven.
